	22	Support	Resolved	Normal	Luciano Piccoli	10/30/2009	Event Builder - Define GlobalTrigger -> EventBuilder interface
25 Support New Normal Peter Shanahan 03/21/2010 File Transfer System - Finish the \$#@# requirements documentation	23	Support	New	Normal	Luciano Piccoli	10/28/2009	Event Builder - Create DataLogger event generator
	25	Support	New	Normal	Peter Shanahan	03/21/2010	File Transfer System - Finish the \$#@# requirements documentation
29 Support New Normal 12/04/2009 Message Passing (RMS) - Consultation	29	Support	New	Normal		12/04/2009	Message Passing (RMS) - Consultation

05/28/2010 1/3

30	Support	New	Normal		12/04/2009	Configuration Management - Consultation
33	Support	Resolved	Normal	Andrew Norman	12/04/2009	Teststand Maintenance - User Accounts Fixed
37	Support	New	Normal		12/10/2009	Teststand Maintenance - Add nova-daq.fnal.gov homepage with links to
						Redmine and other tools
40	Support	New	Normal	Susan Kasahara	02/25/2010	DCM Application - Develop code to send MilliSlice to EventBuilder
41	Support	New	Normal	Susan Kasahara	02/25/2010	DCM Application - Develop unittests to test sending of MilliSlices to
						EventBuilder
42	Support	New	Normal	Susan Kasahara	02/10/2010	DCM Application - Develop code to route MilliSlices to EventBuilder by
						time slice
43	Support	New	Normal	Susan Kasahara	02/10/2010	DCM Application - Develop unittests to test routing of MilliSlices to
						EventBuilder
48	Support	New	Normal	Kurt Biery	03/31/2010	DCM Application - Write unittests for data classes
51	Support	New	Normal	Ron Rechenmacher	02/25/2010	DCM Application - Build trace support into nova_crosscompiler
7	Feature	New	Low	Kurt Biery	03/29/2010	Test Project for Kurt - Define and implement Message Logging stubs
24	Feature	New	Normal	Luciano Piccoli	11/12/2009	Nova Data Logger - Receive Test Triggers
26	Feature	New	Normal		12/04/2009	Software Development - Add Java cache base functionality to
						NovaDAQUtilities
36	Feature	New	Normal		12/09/2009	Software Development - Test1
35	Feature	New	Normal		12/04/2009	Message Passing (RMS) - Develop the deployment plan for the underlying
						messaging servers and implement it
27	Bug	New	Normal		12/11/2009	Software Development - Add unit tests for existing NovaDAQUtilities code.
28	Bug	New	Normal		12/04/2009	Configuration Management - Create sample unit tests for the sample
						configuration data in the NovaDAQConfiguration package

05/28/2010 2/3

4	Evaluation	New	Normal	Kurt Biery	12/11/2009	Test Project for Kurt - Evaluate the use of Mark Fischler's message logger
						for the DAQ Message Logger
6	Evaluation	New	Normal	Kurt Biery	08/14/2009	Test Project for Kurt - Discuss and decide on source code management
						and build systems
13	Evaluation	New	Normal		09/29/2009	Event Builder - Use of DDS (or similar package) for client/server
						connections
5	Coordination	Assigned	Normal	Kurt Biery	12/04/2009	Test Project for Kurt - Prepare DAQ workshop presentations
8	Coordination	New	Normal		08/27/2009	Global Trigger - Need a Specifications document
31	Coordination	New	Normal		12/04/2009	Software Development - Document how Java compilation is being handled
						in SRT, especially regarding the CLASSPATH
32	Coordination	New	Normal		01/22/2010	Software Development - Work with NOvA and CD colleagues to obtain a
						Control Room Logbook instance for NOvA
54	Coordination	New	Normal		03/29/2010	Test Project for Kurt - Test on 29-Mar-2010

05/28/2010 3/3
